

Frequently Asked Questions (FAQ)

Q: What services do you offer?

A: I specialize in web development, including frontend and backend. I build responsive websites, portfolios, and full-stack applications.

Q: How can I contact you for a project?

A: You can use the contact form on this website, or reach out to me via email at sanjaykumar.techdev@gmail.com.

Q: Do you work on freelance or full-time?

A: Currently, I am open to both freelance projects and full-time opportunities related to web development.

Q: Can you help with updating existing websites?

A: Yes! I can help improve the design, fix bugs, and add new features to existing sites.
